

EXPERIENCE

○ 2017 - 2020

Lead 3D generalist & motion designer

Never Touch The Red Button / Bruxelles / Belgium

My position in the studio today has a various range of activities, from preparing storyboards with illustrators to the final editing after compositing for any product we have to deliver. Always searching to improve our working methods and skills.

○ 2016 - 2017

3D generalist & motion designer

Divide By Four / Ghent / Belgium

For almost a year and a half, I worked at DBF as a 3d generalist & motion designer. It was my first important step in the world of computer graphics and it gave me the foundation I needed to be more efficient and more divers in my work.

○ 2015 - 2016

Freelance 3D generalist & motion designer

Bruxelles / Belgium

Just after graduating from the HEAJ, I had the chance to start working at Blinkside as a 2d motion designer and animator for the TV series "La Minute Belge". As the first season was finished, I worked for some other companies such as KAOS, or Pikaboo as a freelancer.

EDUCATION

○ 2012 - 2015

3D computer graphics student

Haute École Albert Jacquard / Namur / Belgium

From 2012 until 2015, I studied computer graphic, 3d section. After a 3 month internship at Blinkside and a final year projet with 3 other colleagues, I graduated with honor of HEAJ.

PROJECTS

As a 3d artist and motion designer, I had the opportunity to work for:

- ° SOS Faim : "le paradoxe de la faim" - NTTRB - Lead animation, compositing, editing, sound design.
- ° Physiol : "FineVision Triumf & Isopure" - NTTRB -
- ° RTBF : "En train citoyen" - NTTRB - Editing & grading.
- ° RTL : "La Minute Belge" - Blinkside - Rigging artist and 2d animator.
- ° Vanden Borre : "Tv Commercial" - DivideByFour - modeling, texturing, animation, compositing, editing.
- ° VTM : "Blind Getrouwd" - DivideByFour - Rigging artist, Modeling, animation, Compositing.

PROFILE

Hi, I'm Alex. I specialised in 3d & 2d animations. Ordered and conscientious, motivated and hard worker, perfectionist and precise. The passion I grew for computer design make me enthousiastic and very dedicated to the task I'm asked to work on.

I'm always looking for new ways to improve my skills along with the project I'm working on and helping the team I'm in.

HOBBIES

Music is one of my biggest hobby. It reminds me that every detail is important, the key, the rythm, the role you have in a team, as in computer graphics.
